INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners of the
Stanislaus County Children and Families Commission
Modesto, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental
activities and general fund of the Stanislaus County Children and Families
Commission (the Commission), a component unit of the County of Stanislaus, as of
and for the year ended June 30, 2013, and the related notes to the financial
statements, which collectively comprise the Commission's basic financial statements
as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these
financial statements in accordance with accounting principles generally accepted in
the United States of America; this includes the design, implementation, and
maintenance of internal control relevant to the preparation and fair presentation of
financial statements that are free from material misstatement, whether due to fraud or
error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our
audit. We conducted our audit in accordance with auditing standards generally
accepted in the United States of America and the standards applicable to financial
audits contained in Government Auditing Standards, issued by the Comptroller
General of the United States. Those standards require that we plan and perform the
audit to obtain reasonable assurance about whether the financial statements are free
from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts
and disclosures in the financial statements. The procedures selected depend on the
auditor's judgment, including the assessment of the risks of material misstatement of
the financial statements, whether due to fraud or error. In making those risk
assessments, the auditor considers internal control relevant to the entity's
preparation and fair presentation of the financial statements in order to design audit
procedures that are appropriate in the circumstances, but not for the purpose of
expressing an opinion on the effectiveness of the entity's internal control.
Accordingly, we express no such opinion. An audit also includes evaluating the
appropriateness of accounting policies used and the reasonableness of significant
accounting estimates made by management, as well as evaluating the overall
presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to
provide a basis for our audit opinions.

## **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and general fund of the Commission, as of June 30, 2013, the respective changes in financial position, and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Emphasis of Matter**

As described in Note 1 to the financial statements, in 2013, the Commission adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. Our opinion is not modified with respect to this matter.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 – 9 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Commission's basic financial statements. The Supplemental Schedule of First 5 California Funding is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The Supplemental Schedule of First 5 California Funding is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplemental Schedule of First 5 California Funding is fairly stated in all material respects in relation to the basic financial statements as a whole.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated September 18, 2013, on our consideration of the Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Commission's internal control over financial reporting and compliance.

**STANISLAUS COUNTY CHILDREN AND FAMILIES COMMISSION  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
JUNE 30, 2013**

This section of the Stanislaus County Children and Families Commission's (the Commission) annual financial report presents management's discussion and analysis of the Commission's financial performance for the fiscal year ended June 30, 2013. It is important to read this section in conjunction with the basic financial statements and notes in this audit.

FISCAL YEAR 2012-2013 FINANCIAL HIGHLIGHTS

In 2013, the Commission completed its 14th year of operations in Stanislaus County promoting the development and well-being of children 0 through 5 years of age. As the Commission expended funds to implement its Strategic Plan, it also continued to implement a plan to spend down a reserve accumulated when the Commission first began operations. Consequently, the highlights of the 2012-2013 fiscal year tend to reflect these efforts:

- Total revenues decreased more than \$180,000 (3%) from 2012 to 2013 primarily due to fewer state-wide tobacco sales.
- Commission expenditures decreased approximately \$1,187,000 (16%) primarily due to the elimination of selected community programs. Programs were eliminated in order to provide extended financial support to priority programs and services identified in the Commission's Strategic Plan.
- In a planned draw down of reserves, the Commission's expenditures exceeded revenues by approximately \$448,000 in 2013.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual financial report consists of two parts:

- Basic financial statements, including government-wide and fund statements and notes to those statements.
- This discussion and analysis of the basic financial statements.

The Commission's basic financial statements offer key, high-level financial information about its activities.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Commission's finances in a manner similar to a private sector business. These statements provide both long-term and short-term information about the Commission's overall financial status.

The statement of net position includes information on all of the Commission's assets and liabilities with the difference between assets and liabilities reported as net position. Changes in net position may serve as a useful indicator of whether the financial position of the Commission is improving or deteriorating.

The statement of activities presents information showing how the Commission's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

## Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Fund accounting is used to ensure and demonstrate compliance with finance-related and legal requirements. All of the Commission's activities are accounted for in one fund.

As a rule, governmental fund financial statements focus on near-term inflows and outflows of spendable resources and on balances of spendable resources at the end of the fiscal year.

The Commission adopts an annual appropriated budget for the General Fund. A budgetary comparison statement has been provided for this fund to demonstrate compliance with the adopted budget.

The Commission was created as an independent County agency by an ordinance of the Board of Supervisors, who acted under the authority of California State law. A nine member Commission appointed by the Board of Supervisors governs the Commission and authorizes expenditures. Consequently, the Stanislaus County Auditor's Office has designated the Commission as a County agency unit of local government and includes the Commission's basic financial statements in the County of Stanislaus' basic financial statements.

## CONDENSED FINANCIAL STATEMENTS

The following tables summarize the Commission's 1) Statement of Activities (change in net position) and 2) Statement of Net Position (government-wide financials). Both tables are summarized for the last three fiscal years.

	<u>2011</u>	<u>2012</u>	<u>2013</u>
<u>Revenues</u>			
Program revenues	\$ 5,855,098	\$ 5,708,845	\$ 5,598,688
General revenues	<u>171,260</u>	<u>147,520</u>	<u>76,899</u>
Total revenues	6,026,358	5,856,365	5,675,587
<u>Total Expenditures</u>	<u>8,056,111</u>	<u>7,310,231</u>	<u>6,123,200</u>
Deficiency of revenues over expenditures	<u>(2,029,753)</u>	<u>(1,453,866)</u>	<u>(447,613)</u>
Special item	<u>(8,308,994)</u>	<u>8,308,994</u>	<u>-</u>
Change in net position	(10,338,747)	6,855,128	(447,613)
Beginning net position	16,568,114	6,164,785	13,019,913
Prior period adjustment	<u>(64,582)</u>	<u>-</u>	<u>-</u>
Beginning net position (restated)	<u>16,503,532</u>	<u>6,164,785</u>	<u>13,019,913</u>
Ending net position	<u>\$ 6,164,785</u>	<u>\$ 13,019,913</u>	<u>\$ 12,572,300</u>

Highlights of the above statement include:

- By expending more than it receives, the Commission is continuing to follow its plan to reduce its reserves. (The Commission's stated policy is to maintain at least six month's worth of operating costs in its reserve.)
- Total revenues declined by more than \$180,000 from 2012 to 2013 primarily due to:
  - A decline in tobacco purchases. Projections for future years anticipate further declines in tobacco tax revenues due to fewer smokers purchasing cigarettes. (Tobacco taxes, which make up a significant portion of the Commission's program revenue, are distributed according to a formula that considers the amount of tobacco purchased in the State and the number of live births in the County of Stanislaus.)
    - It should be noted that, despite receiving \$286,000 more in tobacco tax revenues in 2013 than was projected by the budget, total revenues declined 3% from 2012.
  - Lower investment earnings resulting from low interest rates and reduced cash balance.
- Total expenses declined from 2012 to 2013 due to a planned reduction in the number of programs receiving Commission support.
- Legislation signed into law by the Governor in March of 2011 (AB 99) required the Commission to send approximately \$8,300,000 of its fund balance to the State General Fund by June 30, 2012. When this amount was included as a liability in 2011, the Commission's change in net position steeply declined. In November of 2011, the Courts ruled AB 99 to be unconstitutional and unenforceable. In the Commission's 2012 financial statements, the AB 99 liability was reversed and the Commission's net position increased.

	2011	2012	2013
<u>Assets</u>			
Current assets	\$ 16,063,979	\$ 14,038,252	\$ 13,253,667
Capital assets, net	2,980	1,277	-
Total assets	<u>\$ 16,066,959</u>	<u>\$ 14,039,529</u>	<u>\$ 13,253,667</u>
<u>Liabilities</u>			
Current liabilities	\$ 9,838,764	\$ 960,849	\$ 653,007
Long-term liabilities	63,410	58,767	28,360
Total liabilities	<u>9,902,174</u>	<u>1,019,616</u>	<u>681,367</u>
<u>Net Position</u>			
Net investment in capital assets	2,980	1,277	-
Restricted net position	6,161,805	13,018,636	12,572,300
Total net position	<u>6,164,785</u>	<u>13,019,913</u>	<u>12,572,300</u>
Total liabilities and net position	<u>\$ 16,066,959</u>	<u>\$ 14,039,529</u>	<u>\$ 13,253,667</u>

Highlights of the above statement include:

- Current liabilities decreased significantly between 2011 and 2012 due to the reversal of the \$8,300,000 AB 99 liability. The reversal was necessary due to the Courts finding AB 99 to be unconstitutional.
- Restricted net position increased significantly between 2011 and 2012 due to the reversal of the AB 99 liability.
- The decrease in total assets over this three year period is due to the Commission's planned spend down of its reserves.

## OVERALL FINANCIAL POSITION

The vast majority of Commission revenues are generated from a \$.50 per pack tax on tobacco products that is collected by the State of California and distributed to California's 58 counties based on the percentage of live births in each county. Since the creation of the Commission in 1998, tobacco tax revenues have steadily declined an average of 2% per year. This decline accelerated sharply in 2009-2010 when the federal government imposed higher taxes on tobacco. The increased cost of tobacco products caused users to quit smoking or purchase tobacco products in areas where taxes are not collected (Indian reservations, out of state, or even over the internet). Although a continuing decline in tobacco tax revenues is expected in future years, the sharp decline noted in 2009-2010 is expected to be a one-time event and future revenue reductions are expected to be more in line with past experience.

Legislation signed into law by the Governor in March of 2011 (AB 99) required the Commission to send approximately \$8,300,000 of its fund balance to the State General Fund by June 30, 2012. Consequently, this amount was included as a liability in the 2011 basic financial statements. In November of 2011, the Courts ruled AB 99 to be unconstitutional and unenforceable. In the Commission's 2012 basic financial statements, the AB 99 liability was reversed and the Commission's net position was increased.

Due to anticipated and ongoing tobacco tax revenue decreases (the primary source of revenue for the Commission), a revised Strategic Plan and Priorities Plan were adopted by the Commission in December of 2011 and January of 2012, respectively. The two plans provide specific detail about Commission priorities and direction in order to give the community as much time as possible to plan for changes in funding support levels.

According to its financial policies, the Commission is to maintain a reserve that contains the equivalent of at least six month's worth of operating costs. Long-term projections of revenues and expenditures permit program operations to be adjusted to ensure a sufficient reserve is maintained.

## ANALYSIS OF THE CHILDREN AND FAMILIES COMMISSION FUND

The Board of Supervisors' ordinance establishing the Stanislaus County Children and Families Commission created a trust fund to record Commission revenues and expenditures. Because the Stanislaus Commission Proposition utilizes one fund for all its programs, this audit is somewhat unique as only one fund is examined from a "government-wide" and "fund" perspective.

And while fund balance increased between 2011 and 2012 due to the reversal of the AB 99 liability, fund balance over the 3 year period covered by this audit continues to decrease as a result of the Commission's strategic decision to utilize fund balance to support community programs.

## BUDGET VERSUS ACTUAL VARIATIONS

The following table compares the original budget for the 2012-2013 fiscal year with the final budget. Both budgets can then be compared to actual expenditures for the year. It should be noted that these figures were developed according to modified accrual basis of accounting standards.

	Original Budget	Final Budget	Actual (GAAP Basis)	Variance with Final Budget
<b>Revenues</b>				
Proposition 10 - tobacco tax	\$ 5,226,752	\$ 5,226,752	\$ 5,513,353	\$ 286,601
Grant revenue	105,000	105,000	81,857	(23,143)
Surplus money investment fund	-	-	1,957	1,957
Investment earnings	124,865	124,865	76,899	(47,966)
Miscellaneous revenue	-	-	1,521	1,521
<b>Total revenues</b>	<b>5,456,617</b>	<b>5,456,617</b>	<b>5,675,587</b>	<b>218,970</b>
<b>Expenditures</b>				
Contracts	6,890,923	6,890,923	5,589,147	1,301,776
Community conferences	14,000	14,000	9,464	4,536
Salaries and employee benefits	491,403	491,403	434,455	56,948
Services and supplies	128,675	128,675	119,264	9,411
<b>Total expenditures</b>	<b>7,525,001</b>	<b>7,525,001</b>	<b>6,152,330</b>	<b>1,372,671</b>
<b>Net change in fund balance</b>	<b><u>\$ (2,068,384)</u></b>	<b><u>\$ (2,068,384)</u></b>	<b>(476,743)</b>	<b><u>\$ 1,591,641</u></b>
Fund balance - beginning of year			<u>13,077,403</u>	
Fund balance - end of year			<u><u>\$ 12,600,660</u></u>	

Highlights of the above statement include:

- In 2013, the Commission actually received \$219,000 more in total revenues than what was budgeted. This represents a 4% increase over projected revenues.
- Some of the underspending in the Contracts line item in 2013 is due to:
  - Maximization of State programs and funding sources through the referral of clients to State services and enhanced billing to the Medi-Cal program (Healthy Cubs program).
  - An authorized contract not being executed by the program operator (Kindergarten Transition).
  - A Contingency for Contract Adjustments line item not being used.
- Salaries and Employee Benefits were underspent due to an authorized position being left vacant during the year.

## CAPITAL ASSETS AND LONG-TERM DEBT

The Net Investment in Capital Assets line item was decreased by \$1,277 to zero, which represents the full depreciation of the copier in 2013. No depreciation for the copier will be included in the 2014 financial statements.

## CURRENTLY KNOWN CONDITIONS

The following are facts, decisions, and conditions that could potentially have a significant impact on Commission finances:

- In recent years, and especially during the economic recession, the California State Legislature repeatedly attempted to divert Proposition 10 resources for State uses. Part of this effort included placing measures on the ballot seeking voter approval to amend Proposition 10 to divert Commission resources to the State. Proposition 30, which was adopted by voters in November of 2012, levied additional sales taxes that prevented automatic “trigger” reductions in the State budget – primarily in the areas of health and social services. The infusion of Proposition 30 revenue into the State budget and the continuing recovery of California’s economy have taken the focus off Proposition 10 as an available source of cash for the State. Consequently, Commission staff is cautiously optimistic that no major State raids on Proposition 10 funds will be forthcoming in the next few years, which means the Commission’s Strategic Plan can be implemented as written.
- The 2012-2014 Strategic Plan and the accompanying Priorities Plan provide specific detail about Commission priorities and direction. As planned, the Commission has decreased its support to some community programs during these financial reporting periods in order to support priority programs for an extended period of time. This effort to provide priority community programs with extended financial support should be successful – barring any unexpected changes in the Commission’s operating environment.

## ADDITIONAL INFORMATION

This financial report is designed to provide a general overview of the Commission’s finances for those with an interest in the Commission’s operations. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Executive Director of the Stanislaus County Children and Families Commission, 1010 10th Street, Suite 5000, Modesto, CA 95354.

**STANISLAUS COUNTY CHILDREN AND FAMILIES COMMISSION**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2013**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

A. Reporting Entity

The Stanislaus County Children and Families Commission (the Commission) was established on December 8, 1998, pursuant to Health and Safety Code §130140. The Commission was also established in accordance with the provisions of the California Children and Families First Act of 1998 and by the County of Stanislaus Ordinance #1014. The Commission is funded by surtaxes imposed on the sale of cigarettes and tobacco products. The nine members (as amended by Ordinance #1030) of the Commission are appointed by the County of Stanislaus Board of Supervisors.

The Commission is responsible for the creation and implementation of a comprehensive, collaborative, and integrated system of information and services to enhance early childhood development. Services to enhance early childhood development include early childhood education and health programs.

The basic financial statements included in this report are intended to present the financial position and results of operations of only the Commission. They are not intended to present the financial position and the results of operations of the County of Stanislaus taken as a whole. For additional information regarding the County of Stanislaus, please refer to the audited basic financial statements available from the County of Stanislaus.

B. Basis of Presentation and Accounting

The basic financial statements of the Commission are prepared on the basis of Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements – Management Discussion and Analysis – for State and Local Governments*, and related standards. GASB Statement No. 34 established standards for external financial reporting for all state and local government entities which includes a management's discussion and analysis section, a statement of net position, and a statement of activities. It requires the classification of net position into three components – net investment in capital assets, restricted, and unrestricted.

Government-Wide Statements

The Commission's government-wide financial statements include a Statement of Net Position and a Statement of Activities. These statements present summaries of governmental activities for the Commission.

These statements are presented on an *economic resources* measurement focus and the accrual basis of accounting. Accordingly, all of the Commission's assets and liabilities, including capital assets and long-term liabilities, are included in the accompanying Statement of Net Position. The Statement of Activities presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

Governmental Fund Financial Statements

Governmental fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures, and Changes in Fund Balance for all major governmental funds. An accompanying schedule is presented to reconcile and explain the differences in fund balances as presented in these statements to the net position presented in the government-wide financial statements. The Commission only has one fund, the General Fund. The General Fund is the Commission's primary operating fund. It accounts for all the financial resources and the legally authorized activities of the Commission.

## **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

### **B. Basis of Presentation and Accounting** (Continued)

#### Governmental Fund Financial Statements (Continued)

All governmental fund types are accounted for on a spending or *current financial resources* measurement focus and the modified accrual basis of accounting. Accordingly, only current assets and current liabilities are included on the Balance Sheet. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Revenues are recognized when received in cash, except that revenues subject to accrual, generally 180 days after year-end, are recognized when due. Expenditures are recognized in the accounting period in which the related fund liability is incurred. When both restricted and unrestricted resources are available for use, it is the Commission's policy to use restricted resources first, and then unrestricted resources as they are needed.

#### Adjustments Between Fund Financial Statements and Government-Wide Financial Statements

The government-wide financial statements were adjusted from the modified accrual basis of accounting used on the fund financial statements to the accrual basis of accounting used for the government-wide financial statements. These adjustments included expenses for depreciation during the year related to capital assets and compensated absence obligations.

#### Non-Exchange Transactions

A non-exchange transaction consists of a government giving or receiving value without directly receiving or giving equal value in return. These transactions include income taxes, sales taxes, property taxes and fines, certain grants, and private donations. Recognition of sales taxes or derived tax revenue transactions assume accrual basis of accounting, per GASB Statement No. 33, except where indicated for revenue recognition.

### **C. Budgets and Budgetary Accounting**

The Commission prepares and legally adopts a final budget on or before August 30<sup>th</sup> of each fiscal year. The Commission operation, commencing July 1<sup>st</sup>, is governed by the proposed budget, adopted by the Board of Commissioners in the June of the prior year.

After the budget is approved, the appropriations can be added to, subtracted from, or changed only by Commission resolution. All such changes must be within the revenues and reserves estimated as available in the final budget or within revised revenue estimates as approved by the Commission.

An operating budget is adopted each fiscal year on the modified accrual basis of accounting. Additionally, encumbrance accounting is utilized to assure effective budgetary control.

Encumbrances outstanding at year-end represent the estimated amount of the expenditures ultimately to result if the unperformed contracts in process at year-end are completed or purchase commitments satisfied. Such year-end encumbrances are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year and included in the subsequent year's budget. Unencumbered appropriations lapse at year-end.

### **D. Due from Other Agencies**

These amounts represent receivables from other governments or contractors. As of June 30, 2013, the Commission was due \$1,061,571 from the State of California and \$40,526 in interest revenues. Management believes its receivables to be fully collectible and, accordingly, no allowance for doubtful accounts is required.

## NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### E. Capital Assets

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Additions, improvements, and other capital outlays that significantly extend the useful life of the asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Equipment – 10 years

### F. Compensated Absences – Vacation and Sick Leave

Commission employees earn vacation and sick leave with pay every year. The amount of vacation and sick leave earned is based on the years of continuous service.

After at least six months of County of Stanislaus service, most regular employees, upon separation, are entitled to all unused vacation time accumulation. Most regular employees are entitled to a portion of accumulated sick leave after six years of service, depending on age, years of service, and bargaining unit.

At the close of each fiscal year, the balance of this accumulated time at the last pay period is computed for each employee at the current salary range. In the basic financial statements, these amounts are referred to as “Compensated Absences.”

### G. Use of Estimates

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

### H. Fund Equity

Beginning with fiscal year 2011, the Commission implemented GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. This statement provides more clearly defined balance categories to make the nature and extent of the constraints placed on a government's fund balances more transparent. The following classifications describe the relative strength of the spending constraints:

- **Nonspendable** - Amounts that are not in spendable form (such as inventory) or are required to be maintained intact.
- **Restricted** - Amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- **Committed** - Amounts constrained to specific purposes by the Commission itself, using its highest level of decision-making authority (Children and Families Commission). To be reported as committed, amounts cannot be used for any other purpose unless the Commission takes the same highest level action to remove or change the constraint.
- **Assigned** - Amounts the Commission intends to use for a specific purpose. Intent can be expressed by the Commission or by an official or body to which the Board of Commissioners delegates the authority.
- **Unassigned** - Amounts that are available for any purpose. Positive amounts are reported only in the General Fund.

## **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

### H. Fund Equity (Continued)

The Commission establishes and modifies or rescinds fund balance commitments by passage of an ordinance or policy. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget as a designation or commitment of the fund, such as approved contracts. Assigned fund balance is established by the Commission through adoption or amendment of the budget or future year budget plan as intended for a specific purpose.

For the Commission's governmental fund, the Commission strives to maintain a budgeted total fund balance that is in excess of at least half of the prior year actual Generally Accepted Accounting Principles (GAAP) basis expenditures.

### I. Governmental Accounting Standards Update

During the fiscal year ending June 30, 2013, the Commission implemented the following standards:

**GASB Statement No. 60** – *Accounting and Financial Reporting for Service Concession Arrangements* addresses accounting and financial reporting issues related to public-private and public-public partnerships. The statement is effective for periods beginning after December 15, 2011. Upon implementation, there was no effect on the Commission's accounting or financial reporting.

**GASB Statement No. 61** – *The Financial Reporting Entity: Omnibus, an amendment of GASB Statements No. 14 and No. 34* modifies a number of provisions with regard to reporting of component units within a financial reporting entity. The statement is effective for periods beginning after June 15, 2012. Upon implementation, there was no effect on the Commission's accounting or financial reporting.

**GASB Statement No. 62** – *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989, FASB and AICPA Pronouncements* incorporates into the GASB's authoritative literature certain accounting and financial reporting guidance that is included in the following pronouncements issued on or before November 30, 1989, which does not conflict with or contradict GASB pronouncements: Financial Accounting Standards Board (FASB) Statements and Interpretations, Accounting Principles Board (APB) Opinions, and Accounting Research Bulletins of the American Institute of Certified Public Accountants' (AICPA) Committee on Accounting Procedure. The statement is effective for periods beginning after December 15, 2011. Upon implementation, there was no effect on the Commission's accounting or financial reporting.

**GASB Statement No. 63** – *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position* modifies current financial reporting of those elements. The largest change was the replacement of the current Statement of Net Assets with a Statement of Net Position and a Statement of Changes in Net Position instead of the current Statement of Changes in Net Assets upon implementation for periods beginning after December 15, 2011. The Commission has implemented this change for the fiscal year ended June 30, 2013.

**GASB Statement No. 64** – *Derivative Instruments: Application of Hedge Accounting Termination Provisions* amends current accounting and financial reporting related to terminations of swap agreements due to default or other termination events. In certain instances where swap counterparties or credit support providers are replaced, hedge accounting may continue, rather than cease. The provisions of GASB Statement No. 64 are effective for financial statements beginning after June 15, 2011. Upon implementation, there was no effect on the Commission's accounting or financial reporting.

The County of Stanislaus is a major participant of the Stanislaus County Employees' Retirement Association (StanCERA). StanCERA was established under the County Retirement Act of 1937 under California State Government Code Section 31450. StanCERA is a cost-sharing multiple-employer public employee retirement system.

Membership to StanCERA is required of all full-time employees and permanent part-time (50% or more of the regular hours) on the first day of employment. Employees eligible for retirement benefits are vested after 5 years of service except for Plan 3 which requires 10 years of service. Employees who have reached the age of 50 or employees with 30 years of service, regardless of age, are eligible to retire. Benefits are calculated as a percentage of the employee's monthly final average salary per year of service, depending upon age of retirement. An independent actuary provides an actuarial valuation of the system annually.

In addition to the retirement benefits, StanCERA provides post employment benefits which include medical, dental, and vision insurance along with death benefits for eligible retirees. These benefits are funded from excess earnings of StanCERA. The County of Stanislaus does not contribute to these post employment benefits. The Board of Retirement may eliminate the benefit by giving 90 days notice to retirees.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

Independent Auditor's Report

To the Board of Commissioners of the
Stanislaus County Children and Families Commission
Modesto, California

We have audited, in accordance with the auditing standards generally accepted in
the United States of America and the standards applicable to financial audits
contained in Government Auditing Standards issued by the Comptroller General of
the United States, the financial statements of the governmental activities and general
fund of the Stanislaus County Children and Families Commission (the Commission),
a component unit of the County of Stanislaus, as of and for the year ended June 30,
2013, and the related notes to the financial statements, which collectively comprise
the Commission's basic financial statements, and have issued our report thereon
dated September 18, 2013.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the
Commission's internal control over financial reporting (internal control) to determine
the audit procedures that are appropriate in the circumstances for the purpose of
expressing our opinions on the financial statements, but not for the purpose of
expressing an opinion on the effectiveness of the Commission's internal control.
Accordingly, we do not express an opinion on the effectiveness of the Commission's
internal control.

A deficiency in internal control exists when the design or operation of a control does
not allow management or employees, in the normal course of performing their
assigned functions, to prevent, or detect and correct, misstatements on a timely
basis. A material weakness is a deficiency, or a combination of deficiencies, in
internal control, such that there is a reasonable possibility that a material
misstatement of the entity's financial statements will not be prevented, or detected
and corrected on a timely basis. A significant deficiency is a deficiency, or a
combination of deficiencies, in internal control that is less severe than a material
weakness, yet important enough to merit attention by those charged with
governance.

Our consideration of internal control was for the limited purpose described in the first
paragraph of this section and was not designed to identify all deficiencies in internal
control that might be material weaknesses or significant deficiencies. Given these
limitations, during our audit we did not identify any deficiencies in internal control that
we consider to be material weaknesses. However, material weaknesses may exist
that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Commission's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

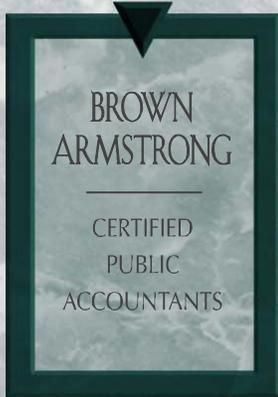

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Commission's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Commission's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITOR'S REPORT ON STATE COMPLIANCE

To the Board of Commissioners of the  
Stanislaus County Children and Families Commission  
Modesto, California

We have audited the governmental activities and general fund of the Stanislaus County Children and Families Commission (the Commission), a component unit of the County of Stanislaus, as of and for the year ended June 30, 2013, and have issued our report thereon dated September 18, 2013. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States. We have also audited the Commission's compliance with the requirements specified in the State of California's *Standards and Procedures for Audits of Local Entities Administering the California Children and Families Act*, issued by the State Controller's Office, applicable to the Commission's statutory requirements identified below for the year ended June 30, 2013. Compliance with the requirements referred to above is the responsibility of the Commission's management. Our responsibility is to express an opinion on the Commission's compliance based on our audit.

### Management's Responsibility

Compliance with the requirements referred to above is the responsibility of the Commission's management.

### Auditor's Responsibility

Our responsibility is to express an opinion on the Commission's compliance based on our audit.

We conducted our compliance audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the State of California's *Standards and Procedures for Audits of Local Entities Administering the California Children and Families Act*, issued by the State Controller's Office. Those standards and the State of California's *Standards and Procedures for Audits of Local Entities Administering the California Children and Families Act* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a material effect on the statutory requirements listed below occurred. An audit includes examining, on a test basis, evidence about the Commission's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Commission's compliance with those requirements.
